**Subject:** success of apprentices

Good morning Nicola, had to drop you a line after my recent visit to Direct Meats to work with your current apprentices on their Theory and Practical work. It was so refreshing to see their progression both on the course and within the company. It is amazing to see that a former apprentice and one who is now at the end of his programme now running the Pork cutting room with both such professionalism and enthusiasm. This is testament to all at Direct Meats who help drive forward the apprenticeship programme. Wishing you continued success, kind regards Eric Reeve Mb.Inst.M
